BESPOKE AESTHETICS & SPMU

HELLO

Welcome to ALLURE Permanent Beauty! Our elegant new aesthetics clinic is designed for your comfort and well-being, so you can relax and enjoy your treatments as if you're in your second home.

At ALLURE, we specialize in bespoke aesthetic treatments for men and women of all ages, helping you maintain a youthful appearance with minimal effort and time in your busy modern life.

Our worldwide client base from TV celebrities to social media influencers use these non-intrusive treatments to maintain their glowing public appearances, and now you can too!

Enjoy effortless, radiant looks 24/7, starting with a free consultation with our head technician and founder, Sophie Lauren.

to book your
appointment.

PERMANENT MAKE UP

Tired of your daily makeup routine? Our specialist inking technology recreates your makeup style with semi-permanent ink, lasting up to 3 years.

POWDER BROWS

Save time and money by eliminating the need for daily makeup application. Discuss individual styles and colours during your free consultation.

LIP BLUSH

If you live an active lifestyle, have sparse eyebrow hair or just want to enhance your natural beauty our practitioners will ensure you will feel and look your best.

SMOKEY EYELINER

As well as our new Brighton clinic we offer treatments at our clinic in Beaconsfield

DERMAL FILLERS & ANTI-WRINKLE TREATMENT

We are Level 7 Aesthetically trained and among the few specialists in Sussex to achieve this standard. We offer injectable treatments, combining volumizing dermal fillers, facial contour packages and anti-wrinkle injections to reduce lines and enhance your youthful look.

After a full facial evaluation, we suggest the best areas for treatment to achieve your desired appearance. Prices vary based on the areas treated and product volume used.

ALLURE GLOW UP

Our bespoke packages combine semi-permanent makeup and aesthetic treatments to create the ultimate look, boosting your confidence with a fresh new appearance & we can't wait to start your glow up journey with you!

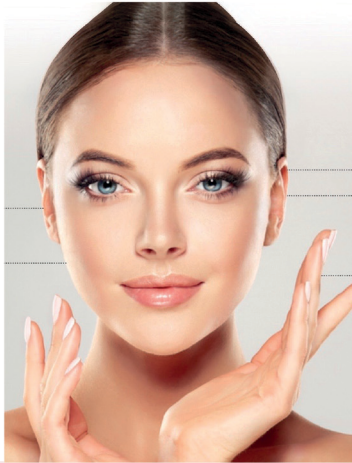

CHEMICAL PEELS

VI Peels For All Skin Types

The VI Peel is a medium-strength, medical-grade chemical peel from Vitality Institute Aesthetics. This treatment is formulated to lift pigment, address sun damage, reduce acne scarring and combat fine lines and wrinkles. Our painless, medium-depth VI Peels are suitable for all skin types and tones, with noticeable results in as little as seven days.

Additionally, each peel includes **£100** worth of complimentary aftercare.

PLASMA FIBROBLAST

Experience the next best thing to surgery for facial skin tightening and plumping. This non-surgical procedure revitalizes your skin's natural collagen production.

The Plasma Fibroblast pen instantly tightens and plumps your skin, with effects continuing to improve over 12 weeks and lasting up to 3 years. A second treatment can address more troublesome areas.

Full healing time is just 5-7 days, making it perfect treatment for common wrinkle areas, scarring and stretch marks.

TRAINING ACADEMY

We offer CPD accredited training courses in all areas of Semi-Permanent Makeup both for beginners and advanced technicians.

Our specialist Masterclasses in aesthetics are for experienced practitioners looking to enhance their knowledge and techniques in injectables.

One to one masterclasses and small group teaching courses are available. Please give us a call for more information and prices.

SCALP MICROPIGMENTATION (SMP)

For both men and women, SMP is perfect for addressing thinning of hair, bald patches, alopecia and scar coverage.

Using state-of-the-art inking equipment we replicate hair follicles, giving the appearance of thicker more dense hair or even a full shaven head look.

With recent FUE hair transplants becoming increasingly popular this procedure helps enhance the look further without any of the downtime.

These instant results make SMP ideal for business professionals and athletes looking to maintain their youthful hairline appearance.
